CANCER DOES NOT DISCRIMINATE, IT AFFECTS 1 IN 3 PEOPLE.

What started 19 years ago as an idea inspired by a Caribbean cocktail has grown into one of Chicago's largest and liveliest basic science cancer research fundraising events! Our goal of finding a cure for cancer can only be achieved with your help. **Join Us!**

OUR INSPIRATION

On February 2, 2001, Pam Herts lost her battle with breast cancer. She was 31 years old and left behind a one-year-old son who will never know his mother. She was a Mother, Sister, Daughter, Co-Worker, and Friend.

She is Our Inspiration. Who is Your Inspiration?
